About The Rides (Heading or Tab)

HOW IT WILL WORK:

- Registration for rides is on a “first come-first serve basis”
- Registration check in will be held at the Carbon County Fairgrounds on Thursday, September 26, 2019 starting at 7:00 a.m.
- All riders will be required to sign a liability release/waiver prior to participating in any rides
- Please note, that rides with 5 or fewer registered participants may be cancelled or combined with other rides. The Fall Jamboree will make every effort to notify you of which rides have been combined with others or cancelled.

Things To Note:

All trails/roads used by the Fall Jamboree are understood to be two-way. Even on narrow trails, you may meet someone coming on an ATV/UTV from the opposite direction. Watch carefully for oncoming traffic on all roads and trails. Be Kind, Be Careful, & Be Courteous.

Each participant is responsible for his/her own health and well-being along the trails. We will never be more than a few hours from town, but medical assistance will be available on each ride from a certified first aid/cpr trained trail guide.

Beginner: These rides are almost wholly on dirt roads. Some of the beginner rides may include short moderately steep sections or switchbacks.

Intermediate: In general, they include some road and ATV trail portions with some steep, rough, or more challenging trails. A ride may also be intermediate in nature due to its length.

Advanced: Advanced rides will generally include portions that are steep, rough, and otherwise difficult to maneuver. In some cases, rides are listed as advanced because of the length of the ride.
